

Dear Parents / Carers

Healthy Eating Procedures

When preparing your child's packed lunch, please make sure you provide them with a healthy balanced lunch. As we support healthy eating standards, we are following schools' guidelines in that children's packed lunches should be balanced for example, a sandwich, drink, fruit, yoghurt etc.... Their lunch must not contain any food with a high sugar content e.g. sweets and chocolate.

We also have fruit available, if your child would like some during the day.

Please contact me if you have any concerns regarding this.

Kind regards

Sarah Parmenter
